## Mayor and Council Communication

**COUNCIL ACTION:** Approved on 7/8/2008 - Ord. No. 18159-07-2008, 18160-07-2008 & 18161-07-2008

---

**DATE:** Tuesday, July 08, 2008

**LOG NAME:** 13FY06 YRENDADJ

**REFERENCE NO.:** G-16197

**SUBJECT:**

Adopt Supplemental Appropriation Ordinances for Fiscal Year 2006 Year End Budget Adjustments

---

**RECOMMENDATION:**

In is recommended that the City Council:

1. Adopt the attached supplemental appropriation ordinance increasing appropriations for Fiscal Year 2006 by \$3,604,415 in the General Fund departments that are over budget and decreasing the unreserved, undesignated General Fund balance by the same amount;
2. Adopt the attached supplemental appropriation ordinance increasing estimated receipts and appropriations for Fiscal Year 2006 by \$588,929 in the Retirement Fund; and
3. Adopt the attached supplemental appropriation ordinance increasing appropriations for Fiscal Year 2006 by \$61,752 in the Culture and Tourism Fund and decreasing the unreserved, undesignated Culture and Tourism Fund balance by the same amount.

**DISCUSSION:**

The City's annual General Fund operating budget is formally enacted into law by City Council action adopting an appropriation ordinance that establishes spending limits for each department's operation.

The purpose of this M&C is to provide the City Council with the final balanced budget, per the audit, for the year-ending September 30, 2006. This process begins with the recording of all expenditures from October 1, 2005, to September 30, 2006, plus all expenditures found posted to the current year that should be posted as prior year expenditures. As a result of the external auditors' review, additional expenditure entries are either posted or re-classed, resulting in changes to departments' final total expenditures. All departments' final expenditures are then compared against the budgeted amount approved from the original or supplemental appropriation during the year, which results in today's action.

The amounts over budget must be appropriated by action of the City Council in accordance with the City Charter (Chapter X, Section 5, Expenditure Only Pursuant to Appropriations). This action represents the final step before the audit can be completed and the Comprehensive Annual Financial Report be published.

**ADDITIONAL APPROPRIATIONS**

\$83,800.00  
\$72,871.00

Housing	\$131,173.00

Transportation and Public Works	\$956,486.00
Zoo	\$6,597.00
<b>Total General Fund</b>	<b>\$3,604,415.00</b>

Below is a brief explanation of the activity that caused these departments to exceed their budgets:

Budget and Management Services – Overage is due to overage positions due to organizational restructuring, information technology purchases related to the overages and increases in office copy supplies due to new network copier.

City Secretary – Overage is primarily due to an increase in operating supplies, advertising and office equipment.

Finance – Overage is due to an increase in operating supplies, temporary labor services, advertising and other contractual services.

While this M&C concentrates on the departments that need additional appropriations, it is appropriate to note that Fiscal Year 2006 revenue collections were over budget for the General Fund, as follows:

<b><u>REVENUES (000's Omitted)</u></b>	<b><u>ACTUAL</u></b>	<b><u>BUDGET</u></b>	<b><u>VARIANCE</u></b>
General Property Taxes	\$259,483	\$255,887	\$3,596

Intergovernmental	\$657	\$935	(\$278)
Gas Leases and Royalties	\$231	\$0	\$231
Other	\$5,858	\$2,460	\$3,398
<b>Total Revenues</b>	<b>\$470,556</b>	<b>\$459,024</b>	<b>\$11,532</b>

It is also noteworthy to mention departments that did not exceed or had savings below the approved budget, as identified below. Savings noted below may or may not be fully realized because the funds are rolled over for use in Fiscal Year 2006-2007. This occurs most often when a construction contract takes more than a year to execute or when vehicles take longer than a year to bid, order and receive.
